Fully manufactured PVC-U patio doors

When space is at a premium and your customers want easy access to outside spaces, then PVC-U patio doors are the ideal solution. Designed to maximise daylight and provide panoramic views, this classic home improvement product remains a firm favourite, offering a combination of elegant style and simplicity of use.

Synseal's patio doors are engineered to the highest standards, available in a variety of finishes and choice of sliding and fixed leaf configurations, and feature an excellent track system designed to ensure years of trouble free service. Manufactured by Synseal and featuring fixed and sash door frames using proven PVC-U profiles, Evolve patio doors will require little maintenance and will keep your customers' homes warm due to their energy efficient design.

Why choose a patio door from Synseal?

- Door fully assembled for easy installation
- Featuring a Yale aluminium 6 hook bi-directional lock and keep
- Complete with Yale cylinder, handle set, anti-lift blocks, stainless steel patio tracks, steel frame reinforcements, rollers, thresholds, trims and bump stop
- 28mm insulated double glazed units
- Internal glazing bead for security
- Optional trickle ventilation in head
- Sliding sashes and interlocks fitted with woolpile for draught exclusion
- Tandem rollers provide up and down adjustment for glazing precision

Hardware options

Handles & flag hinges

- Polished Gold
- Polished Chrome
